## Wrangell Basket Ball Team Makes Clean Sweep Of Cities To South

### Judge Thomas Moves Office

Judge Thomas has been a busy man the past week seeing to the moving of the Commissioners office from the old court house building to the building alongside the jail. The move was the outcome of the old building being so far gone that it was impossible to longer keep the records of the office from getting a soaking every time it rained. The old building is beyond repairs and is a detriment to the town and the officials higher up should look into the matter and give us a new one.

### Challenge

We, the undersigned Fat Men, issue a challenge to any five long, lean, hungry looking, five men that Wrangell can produce, to meet us in a game of basket ball, to be played at the Rink on Saturday night, Jan. 9th at the hour of 8:15 for money, marbles or chalk. Toe holds and hammer locks are bared. Paddy Worthington, Fred Purinton, William Lewis, Cash Coulter and John Grant, captain.

### Eats Tomatoes Is Poisoned

The cannery tender of the Burnet Inlet cannery came in from that place last Monday to bring John Scott to the Wrangell Hospital for medical treatment. It seems that Scott in preparing his supper last Saturday evening opened a can of tomatoes and after eating part of them left the rest in the can until Sunday when he finished them and shortly after he was suffering from a severe attack of ptomaine poison. Dr. Pigg reports that the patient is in a very bad condition.

### Humboldt Off Until February

The Alaska Flier Humboldt, of the Humboldt Steamship Company, is off the run and is in San Francisco undergoing an overhauling. According to advice from the office in Seattle the popular vessel will be back on the run again about the first of February.

The Uncle Dan leaves tonight for the West Coast having missed three weeks from her regular run as her schedule is only the first and third Thursday of each month.

There is no getting away from the fact that Wrangell has the fastest basket ball team in this neck of the woods, and to prove the assertion one only has to look at the clean sweep the team made on their tour of the cities south last week.

The team left Wrangell on the good ship Uncle Dan late Wednesday evening and arrived in Ketchikan about noon Thursday. The team received a good reception on their arrival in the first city and the rest of the day was put in seeing the sights.

The game with Ketchikan was played New Years night at the Rink. At seven o'clock the boys were routed out and the Fireman's Band of the city paraded the streets and then proceeded to the Rink which by that time was well filled with spectators. Promptly at eight the game was called, Milo Caughrean of the first city acting as umpire and Roy Churchill of Wrangell as referee, and right here we want to state that there was never an umpire that gave fairer decisions than did Mr. Caughrean. Although one of the papers of the first city unjustly commented on the decisions, to any one knowing the game it was plain that every one was a foul. It is practically impossible for any team to get away from fouls unless they have had lots of practice and it is to that the Ketchikan fouls can be laid,

although it was apparent that some of the players of the first city need a copy of the rule book, and the Wrangell team are to be commended on the clean game they played.

The first score of the game was made by George Sylvester in the first two minutes of the game, and at the end of six minutes of play Clarence Lewis had thrown another field goal and Weston Dalgity one from the foul line, then the Ketchikan boys got the ball and brought it back to their end of the hall but after two throws at the basket, both wide misses, the home boys got the ball and took it back to their end of the hall with a play of the finest team work ever witnessed which ended with Sylvester throwing a field goal. After the toss up the ball was taken straight to the Wrangell basket and Sylvester made another field goal, and after the next toss up Ketchikan made a foul and Dalgity made a clean basket from the foul line. In the last five minutes of play Ketchikan made a run and threw two field baskets after which Dalgity threw a field goal and the first half ended as Sylvester threw a foul basket. The first half ended with the score 13 to 4 in favor of the Wrangell boys.

In the beginning of the second half the Ketchikan team put up the best playing of the whole game and made four field baskets in good time, but the Wrangell boys soon warmed up and Eddie Lynch started things rolling by making a field basket followed by Dalgity making two, then Lynch a field basket, then a foul basket by Dalgity, then Sylvester threw a field basket and just before time was called Dalgity threw another field basket, and the game ended with a score of 26 to 12 in favor of the Wrangell boys. After the game the boys gave the usual yell, which by the way Ketchikan forgot to answer, and left the floor amid the yells of the spectators and the music of the band.

A large crowd witnessed the game and everyone left with the feeling they had witnessed a real team of basket ball players.

The Ketchikan team played a good losing game but they were simply outclassed and outplayed by the Wrangell team, and they will need a lot of practice before they are equal to the Wrangell team. It was the intention of the Ketchikan team to play a return game here on the eleventh of the month but after the game they asked for more time so in all probabilities the return game will be played here on the 23rd of this month. A good bunch of boosters for that team are planning on coming with the team so lets extend everyone in Ketchikan an invitation to come and we will show them a good time besides another good game of basket ball.

New Years day, during the teams stay in Ketchikan Manager Chas. Lynch received a challenge from the basket ball team of Metlakatla to a game to be played at that

### Red Men Have Big Time

The Red Mens Annual Masquerade Ball given New Years Eve at Red Men's Hall was a great success as far as the dancing line goes, although the maskers were not in evidence as much as had been hoped, the large crowd of spectators and other dancers more than made up for that. The music was good and the floor never better. The maskers held the floor the fore part of the evening and the sixteen prizes were awarded to the various winners after which everybody turned in and had the best time ever. At twelve o'clock the New Year dance was called and the old year was danced out and the New year in. The dance lasted until the early hours and everyone left after spending a very enjoyable evening.

The big freighter Cordova was in port New Years day to unload a cargo of salt for the Columbia and Northern Cold Storage. The officers of the big freighter mistook the Sanitary cannery for the cold storage and tried to unload their cargo there but the mistake was discovered and the vessel came around to the cold storage dock.

### Home Talent At Photoshow

The Wrangell Photoshow has a very pleasant surprise for the people of Wrangell Saturday night. Woodworth and Purcell have been busy the last week rehearsing eight of the town children in an original version of the Village School. Billy says the children are doing great and promise to excell any other bunch of kiddies he has ever given time to for this line of entertainment and also claims to have two or three natural born comedians in his aggregation and is confident of giving the people of Wrangell a real treat in the home talent line.

### Fire Department Holds Meeting

The Wrangell Fire Department met in regular session at the city hall last Monday evening. After the regular business was dispatched the Firemans Annual Ball on February 22 was taken up and a committee appointed to arrange for the biggest time ever. The committee is T. Anderson, Ed. LaBounty and Paul Stanhope.

### HOW A MOTOR "TALKS."

The Sympathy That May Come Between the Animate and Inanimate.

"One day my chauffeur was taken ill, and I drove myself in, left the car standing in a side street during the day, and drove home at night," said a suburbanite. "Then, for the first time, I began to sense the feeling of sympathy or mutual sympathy, if such an expression may be permitted between animate and inanimate things. Between the machine and myself. Several trips by myself confirmed the sensation; then I bought another car for the family and now drive myself regularly in this one.

"I have often thought of the stories told by locomotive engineers in which their great engines are endowed with almost mental faculties. There are enough of them to fill a book, but I never considered them seriously until I began with this car. Sometimes the engine sings; sometimes it purrs. I know its 'sing' and its 'purr.' If anything is the matter with it it tells it in a language entirely intelligible to me. It responds to my lightest touch in all its functions, but once, and here his voice became grave. "It refused to run into an unlighted ditch where I was trying to steer it. I looked for half an hour for the trouble with the steering apparatus, but could find nothing wrong."—Suburban Life.

Fun in Space.  
I dreamed last night that I was present at a committee meeting of the sun, earth, moon and stars.

"I'm no coward," said the earth.

"No, but you have two great fears," said the sun boldly.

"And those are?"

"The hemispheres."

"You've forgotten the atmosphere," put in the moon. And the comet, who had no business to be there, wagged his tail with joy.

## Clippings From Our Exchanges

Even the preachers who leave Alaska long to come back.

Now that the ice is good, curling is the principal sport at Fairbanks.

Camp Chitina, No. 31, of the Arctic Brotherhood, recently dedicated its new hall.

In the peaceful town of Skagway the town marshal is useful to shovel the snow off the sidewalks.

It is suggested that the name of the town of Fairbanks be changed to Wilson when the railroad gets through.

Charley Fairbanks, a hunter and trapper, of Atlin, B. C., broke through the ice in the lake and was drowned.

Because of a strike at Homer, it was necessary to bring native help from Seldovia to unload the hay on the Dora.

Valdez has distributed a quantity of printed matter enumerating the reasons why the railroad should start from that point.

Dr. Baughman, game warden, estimates the number of moose killed on Kanni peninsula this season at forty. The season opened on August 20.

Valdezians now have an opportunity to learn all of the latest dances. A Miss Joan Grayville has opened a dancing school there.

A bunch of money, \$700, was found recently by a resident of Valdez, and persistent advertising failed to discover the owner. He must be dead.

The Bank of Vancouver, of Vancouver, B. C., considered one of the strongest institutions in Western Canada, was forced to suspend payment on the 15th inst.

Dr. J. J. Chambers, late of Nome and a pioneer of Alaska, died recently at the Morningside sanitarium at Portland, after an illness extending over a period of a year.

The man who committed suicide on the Mariposa on a recent trip from the Westward is now known to have been W. H. Hatch, a resident of Seward. Hatch took the gun route.

On her last trip to the west the steamer Dora went on the rocks near Kodiak, and was making a foot of water an hour when she got back to Seward, where she was beached for repairs.

A good show at the Wrangell Photoshow tonight.

Wonder where all that winter weather is?

Read them new ads in the Sentinel this week and learn something.

According to a letter received by Al Osborn, our old friend and citizen W. W. Watson or "Dad" Watson is spending the winter with his son at Columbia, Mo.

Charlie Nelson, for the past two years the genial mixer at the Brewery Bar, has resigned his position and will leave on the first steamer for the south where he will spend the winter among the sunshine and flowers. George Skelton will hereafter preside at the bar in his stead.

## Dance Saturday At Photoshow

Manager Bender of the Wrangell Photoshow announces that there will be a dance at that popular house next Saturday evening after the show. Good music and a good time assured to all. Everyone invited, come and have a good time.

### Hard Work.

"You lazy, good for nothing thing!" said the citizen to the tramp. "Why don't you go to work?"

"Work?" said the tramp. "Do you imagine that walking from New Orleans to New York twice a year is pleasure?"—Detroit Free Press.

### Partly Prepared.

"Did you succeed in getting that manager to engage you?"

"Yes. He is going to let me play the part of a walking gentleman."

"Well, you can walk all right, so you'll merely have to learn the other part."—Judge.

### Hitting Back.

Edith—I am sorry you were not asked to the Pemberton ball, dear. You know I will be there, of course. Corn—Yes; but, then, Kate Pemberton knows I am far too young to be of any use as a chaperon.—Judge's Library.

### Sizing a Threaded Hole.

It sometimes becomes necessary to transfer the size of a threaded hole from some out of the way place to the shop in order to make a piece to fit it. With proper tools this is easy: without them it might be difficult. One thing is always at hand, and that is wood. Whittle a stick tapering until it starts in the hole. Then turn it into the hole and a fair thread will be made on the wood. The stick can be carried in the pocket without risk of changing the size, as would be the case with ordinary calipers.

### Order.

Order is the sanity of the mind, the health of the body, the peace of the city, the security of the state. As the beams to a house, as the bones to the microcosm of man, so is order to all things.—Southey.

### How She Felt.

Mrs. Black—Sam Johnson done left his wife 'bout six mont's ago.

Mr. Black—Do she tink he am neb-bah comin' back?

"Waal, she jest beginnin' to hab hopes."

## Basket Ball Team Makes Clean Sweep

(Continued from First Page)

place on the evening of January second. After a meeting of the team the boys accepted, and Saturday morning left Ketchikan for Metlakatla. The trip over from Ketchikan was a very rough one and many of the team were on the sick list before they arrived at their port which probably accounts more than anything else for the Wrangell score not being larger than it was although the boys came out winners by two points.

The team was met at the dock by practically the whole town, and after seeing the sights the rest of the day the boys prepared for the game which was called at seven. The game was a hard one from the very start as the Metlakatla players are all fast and know the game. The score at the end of the game was Wrangell 14 and Metlakatla 12. After the game the boys were treated to a big supper after which the band furnished some fine music to which everyone danced to their hearts content until the boat started for Ketchikan again. The boys are all highly elated over the reception and good time shown them by Metlakatla, as every one of the visitors was treated like a prince and just before the team left for Ketchikan the manager and captain of the Metlakatla team presented the Wrangell boys with a new broom to which was fastened a large Metlakatla pennant in token of the clean sweep the boys had made on their tour.

The tribute that was paid to the returning basket ball team when they arrived from their clean sweep of the cities of the south last Sunday evening was an affair that every one of the team may well feel proud of. Never in the history of the town has such a reception been given. The team arrived home about twelve o'clock and the citizens of the town that were not at the dock could be counted on your hand.

The citizens gathered at the dock and as the Uncle Dan came into the harbor the band started playing and many torches were lighted accompanied by the yells of the crowd. Every device for noise-making was there and the long bunches of fire crackers lighted from the dock made a beautiful sight under the blazing light of the torches. The boys were met at the top of the slip by the band and their friends and with the band leading they marched up to the Wrangell Hotel where congratulations were exchanged. Monday evening Mr. J. G. Grant of the Wrangell Hotel acted as host to the ball team at a bounteous dinner served in the dining room of the hotel. The dinner was a fine affair and something that the boys will have to remember as a tribute to their victory. After the dinner an invitation was read from the Rink Theater extending the boys the favor of attending that show as the guests of Manager Purintou, and to top the grand affair off after the show everyone turned out and a big victory hop lasted until the wee hours of the morning.

As to giving the credit for the winning team to any one person is impossible, but the fact that Wrangell has a great basket ball team can be laid to the able management of Chas. Lynch, Capt. Lynch and their coach Dr. Pigg who has spent much time and pains putting the boys in condition to make a win-

ning team. Now boys you have cleaned up the south end of the district lets go after the rest, and show them that we have the goods and that the W. A. C. Basket Ball team is the champions of Southeastern Alaska.

## Northland S. S. Co. Changes Hands

SEATTLE, Dec. 31.—The steamships Al-Ki and Northland, owned by the Northland Steamship Company and operated in the Alaska trade, today were sold to the Border Line Transportation Company, of which Dodwell & Company are managing agents. The deal was consummated by H. C. Strong, of Ketchikan, Alaska, who has been here several days, and A. F. Haines, Seattle manager of Dodwell & Company, who now becomes manager of the Border Line Transportation Company.

Mr. Haines announced the company would immediately add the steamship Dispatch to the vessels purchased, and operate them to Southeastern Alaska.

The Border Line Transportation Company heretofore operated only as far north as Powell River, B. C. and Texada Island.

Dodwell & Company formerly operated the Washington-Alaska Steamship Company.

Mr. Strong will withdraw entirely from the transportation business. It is said he has made a fortune with the Al-Ki and Northland, since putting them on the Northern run.

## Alaska Artist Passes Away

Theodore J. Richardson, noted as a painter of Alaskan landscape and scenery, died at his home in Minneapolis on December 20th.

For twenty-five years Richardson has been making the Alaskan trip once a year, and is known to a large circle of friends here. Three years ago Richardson spent the summer in Sitka and Juneau, but for the last two years made his summer headquarters at Wrangell. He formerly made the trip during the summer cruises of the Spokane, and on each voyage would lecture of Alaska's scenery, which he pronounced the greatest in the world.

Mr. Richardson was about 60 years of age. He had studios in New York and Minneapolis. His collection of Alaska paintings is worth perhaps \$300,000. He lost a number of his valuable sketches when the Spokane was wrecked in Seymour Narrows three years ago.

.401 Caliber  
Self-Loading Rifle.

This new Winchester is reloaded by recoil,  
the repeating as well as the firing mechan-  
ism being under control of the trigger  
finger. A bullet fired from it strikes a blow  
of 2038 pounds—force enough to topple  
over the biggest game—penetration enough  
to reach the innermost vital spot. Tho  
wonderful in operation and powerful in  
execution, this rifle is neither complicated  
in construction nor cumbersome to handle.
